If you use lots of ingredients, you get a tasty muffin. It's kind of like with friends. If you use one ingredient, it's like being a single friend. But if you use lots of ingredients, or if you have lots of friends, then you get a tasty muffin.

KairosPDX Public Learning Academies

We engage and empower leaders through a liberating education. Through culturally responsive practices we are creating a new narrative around leaders and families of color placing strength and excellence at the fore. We value the role of the arts and sciences as languages for thinking, expressing ideas, communicating who we are, and telling the stories of those we belong to – past and present.
